

On May 6, ADEGUA's manager was received by the technical coordinator of the Agency and members of its staff, from the Agrifood and the Energy sections for technology transfer. The Agency promotes the internationalisation, innovation and technology transfer in Andalusia and the participation of Andalusian SMEs and other organisations in Horizon 2020. During the meeting, possible ways for collaboration were discussed. ADEGUA will be included in a catalogue prepared by the Agency to foster transnational partnerships under Horizon 2020.
